

What is helpology?

By **Dave Christian**

Founder, Helpology.org

“... the ear of the wise seeketh knowledge.”
(Proverbs 18:15)

A friend is someone whom you know, like, and trust—someone who wants to help you.

Hi, my name is Dave Christian, founder of **help•ol•ogy**—“the biblical study of the most helpful products and services.”

But helpology is not for everyone.

Helpology is only for those who are open to learning.

So how can helpology help save you (and the people you love) pain, time, energy, and money?

To begin with, a **help•ol•ogist** is, “one who biblically researches, uses, and recommends the most helpful products and services.”

Next, the word **help•ol•og•ic•al** is defined as, “the most helpful and simplest way that works.”

Therefore, the **Helpological Question** (which you can now use to help solve any problem) is:

“What’s the most helpful and simplest way that works?”™

Simply stated, the **Christian mission** of Helpology.org is to, “help. learn. love.”

Moreover, our **Christian vision** is to, “become the most helpful service.”

And most importantly, our **Christian passion** is, “loving Jesus and people!”

You may not realize it yet, but in some ways, you are probably a helpologist already.

Isn’t it true that you naturally tend to use and recommend the most helpful products and services you have discovered in your life so far?

However, you may or may not know exactly which new products and services are biblically and scientifically proven to be most helpful.

Think about it.

Out of all the products and services you have ever used in your entire life, which ones have been the most helpful and simplest ones that work?

Is there room for improvement in any area of your life, or in the lives of the people you love?

How much pain, time, energy, and money do you think you could save if a professional helpologist kept you up-to-date on the most helpful products and services?

Just imagine how your life could change if you knew exactly which products and services were biblically and scientifically proven to be most helpful.

If you had easy access to this valuable information, then wouldn’t it be much easier to help yourself (and the people you love) save pain, time, energy, and money?

Moreover, you wouldn’t have to waste your limited resources doing all the research.

Helpology may be your wake-up call to a healthier and more joyful life!

So how is your spiritual health right now? ... your mental health? ... emotional health? ... physical health? ... financial health? ... how healthy are your personal and business relationships?

Would you like to enjoy true and lasting health and wealth in every area of your life?

Who wouldn’t?

In general, most people already tend to think logically (i.e., with correct reasoning), but how often are you actually encouraged to think beyond your common sense?

Albert Einstein said the following: “Imagination is more important than knowledge.” ...

“Imagination ... is the preview of life’s coming attractions.” ...

“The true sign of intelligence is not knowledge but imagination.” ...

“Everything should be made as simple as possible, but not simpler.” ...

“The best system is the simplest one that works.” ...

“We cannot solve our problems with the same thinking we used when we created them.” ...

“The whole of science is nothing more than a refinement of everyday thinking.”

Therefore, helpology encourages you to no longer just think logically, but to start thinking **help•ol•ogic•ally**—“biblically researching, using, and recommending the most helpful and simplest ways that work.”

So from now on, whenever you conduct any research (or try to solve even the smallest problem in your life), try asking the Helpological Question:

“What’s the most helpful and simplest way that works?”™

Discovered through much prayer and many years of helpological research, I believe this is “the most helpful and simplest question that works” to help solve any problem.

For example, if you want to help as many people as possible, keep asking, “What’s the most helpful and simplest way that works” ... “to help as many people as possible?” Or, if you want to write a book, keep asking, “What’s the most helpful and simplest way that works” ... “to write a book?”

Test it yourself.

I guarantee you will discover that asking the Helpological Question is both biblically and scientifically proven to help save you pain, time, energy, and money!

Einstein said, “Learn from yesterday, live for today, hope for tomorrow. The important thing is not to stop questioning.” ...

“Intellectuals solve problems, geniuses prevent them.”

So the next time you have any problem to prevent, keep asking, “What’s the most helpful and simplest way that works” ... “to prevent this problem?”

Einstein also said, “Science without religion is lame. Religion without science is blind.” ...

“Before God we are all equally wise—and equally foolish.” ...

“I want to know God’s thoughts; all the rest are just details.” ...

“When the solution is simple, God is answering.” ...

Therefore, asking God the Helpological Question is biblically proven to help save you even more pain, time, energy, and money.

You will be amazed at some of the helpological solutions God will reveal to you when you humbly

ask Him for His supernatural help!

“If any of you lack wisdom, let him ask of God, ... and it shall be given him.” (James 1:5)

So just imagine for a moment how your future might improve if you asked God to help you in every area of your life!

Now picture what your future might look like if you don’t ask God to help you.

The choice is yours.

Einstein also said the following: “I have no special talent. I am only passionately curious.” ...

“It’s not that I’m so smart, it’s just that I stay with problems longer.” ...

“Most people say that it is the intellect which makes a great scientist. They are wrong: it is character.” ...

“Whoever is careless with the truth in small matters cannot be trusted with important matters.”

“Love is a better teacher than duty.” ...

“It is the supreme art of the teacher to awaken joy in creative expression and knowledge.” ...

“Joy in looking and comprehending is nature’s most beautiful gift.” ...

“The pursuit of truth and beauty is a sphere of activity in which we are permitted to remain children all our lives.” ...

“Strive not to be a success, but rather to be of value.” ...

“A person starts to live when he can live outside himself.” ...

“Only a life lived for others is a life worthwhile.” ...

“The most beautiful thing we can experience is the mysterious. It is the source of all true art and science.” ...

“True religion is real living; living with all one’s soul, with all one’s goodness and righteousness.” ...

“Great spirits have often encountered violent opposition from weak minds.” ...

“Never lose a holy curiosity.”

In closing, let’s have fun together as we begin the exciting, lifelong adventure of discovering how helpology can help save you (and the people you love) pain, time, energy, and money!

In conclusion, Einstein stated, “There are two ways to live your life—one is as though nothing is a miracle, the other is as though everything is a miracle.”

Once again, the choice is yours!

“Behold, God is mine helper ...” (Psalm 54:4)

Dave Christian is a Christ-centered, Bible-believing, conservative, Protestant, evangelical, born-again Christian (since December 1998), husband of one precious wife, and father of five wonderful children. Dave is the founder of Helpology.org, “the biblical study of the most helpful products and services.” Dave earned a B.S. in Organizational Leadership with a Minor in Biblical Studies at Biola University, is currently working toward the Online M.A. in Educational Technology at Azusa Pacific University, and was recently accepted into the Teaching Licensure in Biblical Studies at Free Will Baptist Bible College.
